Saint Luke's Health System and United Healthcare announce a new network relationship

Power Group Client-Partners:

According to a press release from UHC, UnitedHealthcare and Saint Luke's Health System have announced a new network relationship giving UnitedHealthcare commercial and Medicare health plan customers access to care provided by Saint Luke's Health System's physicians and facilities beginning Sept. 1.

As part of the new agreement, UnitedHealthcare, Saint Luke's Health System and their physicians will collaborate on innovative programs designed to promote quality care including performance-based payments and the adoption of health information technology, such as making digital patient records accessible to improve the quality of care and patient safety while helping reduce administrative costs.

You can find the complete text of the press release [here](#).

Please contact your Power Group representative if you have any questions.
